

Fights, Blast Climax Racial Disorders

By THE ASSOCIATED PRESS

An explosive believed to have been dynamite shattered the home of a Negro member of the Nashville City Council today. He had been active in defense of his race arrested in sit-in lunch counter demonstrations.

Z. Alexander Looby, 63-year-old attorney, and his wife were asleep in a rear bedroom of their brick home and escaped injury.

"It woke us up like a clap of thunder from an electrical storm," Looby said. A leader in the National Assn. for the Advancement of Colored People, he said he would continue his fight against segregation.

"When I can't do that my time is ended," he said.

Police theorized dynamite was hurled from a passing car. The charge tore a hole in a front corner of the residence, wrecked a house next door and shattered windows in a Negro medical college across the street.

A savage fight between Negroes and white youths climaxed weeks of racial tension in Savannah, Ga., where Negroes have been staging sit-down demonstrations and boycotting stores with segregated lunch counters.

Ax handles, pipes, knives and other weapons were swung in the brief but vicious clash in a park Monday night. A white youth was hospitalized with a serious knife wound in the neck. Two other white youths and a Negro were treated at a hospital and released.

Police jailed two Negroes and seven white persons and began an extensive search of the area for 20 others believed to have taken part in the fight in the Georgia coastal city.

Cause of the burst of violence was not determined. Investigators said the teen-agers who were arrested gave conflicting accounts.

Melvin Bryan, 18, suffered a deep stab wound in the side of the neck.

Allen Louis Johnson, 22-year-old Negro, received a badly bruised elbow when he was struck by an ax handle.

The battle in the park occurred a few hours after police reported a white man struck a Negro student during a lunch counter sit-down demonstration at the S. H. Kress & Co. store. It was the second such incident in three days.

A white man knocked a Negro demonstrator from a lunch counter stool in the same store Saturday. The Negro's jaw was broken. Former President Harry S. Truman told newsmen at Ithaca, N. Y., he wouldn't be surprised "if the sit-downs in the South were inspired by Communists."

Seven Negro ministers staged a silent prayer session on a safety zone at an intersection in downtown Chattanooga, Tenn. One of the signs they carried read, "We pray for our city in Christian love. Stop Jim Crow."

Negroes picketed a downtown variety store and staged sit-ins at three lunch counters in Chattanooga.

A Negro doctor reported he was arrested for swimming in the Gulf of Mexico at Biloxi, Miss., near a swank hotel.

In Marshall, Tex., a judge ordered four Negro students to stand trial on charges growing out of lunch counter sit-ins March 30. He dismissed motions to quash the charges.

Farmer Loses Savings of a Lifetime

MEMPHIS, (AP) — A retired West Frankfort, Ill., farmer apparently lost his life savings of \$10,000 here under mysterious circumstances, police said.

John Novak, 76, reportedly checked all his money out of an Illinois bank last Friday and left for West Blocton, Ala., to be with his wife who was visiting relatives.

Police quoted Novak's daughter, Mrs. Mary Strizel of West Frankfort, as saying she received a telephone call from a man at a Memphis bus station offering to take care of him. She said the caller reported her father was in a daze.

She notified West Frankfort police. However, before they could reach Memphis Police, Novak was found here walking alone on a street in a confused state. He was taken to the Salvation Army.

When Mrs. Strizel arrived last night to take her father home he had only \$81.55 with him.

Good Rain Now Needed by Crops

LITTLE ROCK (AP) — The federal-state Crop Reporting Service said today Arkansas farmers need a good rain to help with planting and to bring up seed already in the ground.

Miles McPeck, agricultural statistician said that county agents report an increase in planting of spring crops. But activity is dry yet general, mostly because of dry soil.

Some farmers intend to wait for rain before planting cotton, soybeans and other crops.

In other cases, land preparation for cotton planting proceeded rapidly in the past week. Crittenden County reported planting in full swing with about 15 per cent of it completed.

Soybean planting has been limited mainly to northeast counties. McPeck said the tempo of rice seeding is expected to rise in the next few days.

Silvey Would Put 'Teeth' in Co-op Act

LITTLE ROCK (AP) — Tom Silvey of Bodeaw, Nevada County, a former state senator, said today he and some others would try to get changes in the state rural electrification act "to put some teeth in it."

Silvey said he was specifically dissatisfied with affairs of the South Central Arkansas Electric Co-operative, of which he is a member.

Among other things, he said that the South Central had not held a membership meeting in more than five years and that the law doesn't give members any effective recourse.

Co-op Manager Austin Rowe countered that Silvey wanted to be on the board of directors "and he can't get there and that's the cause of his grievance."

Rowe said that officers were elected by mail instead of at meetings. He said the co-op by-laws permit this.

South Central has 3,800 members in Clark, Pike, Nevada, Hempstead, Hot Springs and Howard counties. Arkadelphia is the headquarters.

Silvey listed eight grievances. Besides lack of annual meetings, these included failure to issue membership certificates and the copies of the constitution and by-laws and no opportunity for the general membership to nominate officers.

Africa Strike Plan Fails to Achieve Aims

By RICHARD KASISCHKE

JOHANNESBURG (AP) — The one week strike called by the outlawed African National Congress to protest the white government's strict racial laws failed to achieve its aim today.

Police in all major cities of South Africa reported that Negroes showed up in normal numbers and without hindrance by alleged intimidators.

No major violence was reported. The only police action announced at noon was a raid on an African settlement near the Indian Ocean city of Port Elizabeth, where police rounded up "undesirables," questioned 200 Negroes, and detained many of them.

In Johannesburg, South Africa's largest city, buses and trains from Negro settlements were crowded with workers.

Reports from Cape Town, Durban and elsewhere said the situation was quiet there also and Negroes were streaming to work.

Troops were standing by at such trouble spots as the Nyanga and Langa townships near Cape Town and Calo Manor near Durban. Police riot cars cruised slowly among the houses.

The police planned raids through the Negro townships in search of agitators and stay-at-homes.

The work stoppage called by the outlawed African National Congress started Monday. But the day was a national Easter holiday, and this postponed the real test of the strike call until today.

The government has warned Negroes that they face loss of their jobs or banishment to native reserves in the interior if they heed the stay-at-home call.

The aim of the work stoppage is to force the government to ease its stern segregation laws and to gain freedom for jailed Negro leaders. The government broke a previous work boycott by widespread raids in the Negro settlements and wholesale arrests.

3 Counties on Disaster List

WASHINGTON, (AP) — Three Arkansas counties today were designated disaster areas by the Small Business Administration.

The action was taken because of damage resulting from a tornado last Thursday.

The counties are Crawford, Johnson and Montgomery.

The designation applies to owners of homes, businesses, churches and charitable institutions that were damaged or destroyed by the tornado.

It enables such persons to apply to the Small Business Administration for reconstruction and rehabilitation loans at 3 per cent interest.

Loan applications may be filed with the Little Rock office, 405 W. 3rd St.

Hope Man Is Official of the RRA

SHREVEPORT, La., (AP) — Sen. Allen Ellender (D-La.) told the Red River Valley Assn. yesterday that economy is preached at home while American taxpayer's dollars are poured into the tills of foreign countries.

Seven U. S. senators and representatives addressed the 35th annual convention attended by more than 350 delegates from Louisiana, Texas, Arkansas and Oklahoma.

Sen. John L. McClellan (D-Ark.) addresses the final session today. Ellender charged that budget cutbacks are requested on home-based projects while an excessive amount of funds are spent freely abroad.

Rep. James Morrison (D-La.) said American citizens are being deprived of worthwhile project while foreign aid is increasing.

"They tell us we've got to economize and balance the budget and then turn around and say we have to give more in foreign aid," he said.

Sen. Russell B. Long (D-La.) said projects for bank stabilization on the Red River and reservoirs on its tributaries are needed for downstream protection from flooding.

The delegates elected Al Fairbank of Pineville, La., as president and named as state vice-presidents Lloyd Spencer of Hope, Ark., and Harold F. Norris of Broken Bow, Okla.

Conviction of Bombing Appealed

LITTLE ROCK (AP) — An appeal of the bombing conviction of John Taylor Coggins, 39-year-old automobile salesman, was filed with the Arkansas Supreme Court today.

Coggins was sentenced to three years and fined \$500 in Pulaski Circuit Court Feb. 24 for complicity in Little Rock's Labor Day bombings last year.

He admitted at his trial that he dynamited the business office of Mayor Werner Knopp. In his defense, he said he didn't know a package he placed at the building contained explosives.

Coggins was one of five men charged in three Labor Day bombings. The other two targets were the Little Rock School Board building and a station wagon of Fire Chief Gann Nailey.

One man pleaded guilty and is serving a five-year penitentiary sentence. Two other men were convicted and received three-year terms. A fifth man has not yet been tried.

Like Coggins, the other two convicted men are free on bond. One, E. A. Lauderdale Sr., appealed last week to the State Supreme Court and the other, Jesse Raymond Perry, is expected to file a similar appeal.

Martial Law Proclaimed to Halt Rioting

By GENE KRAER

SEOUL, South Korea (AP) — Violent demonstrations against President Syngman Rhee's tactics killed and wounded scores of persons, including several policemen, in South Korea's major cities today.

Rhee called out the army, clamped down martial law and imposed local censorship. But the rioting graced into the night in defiance of the government's moves.

The independent newspaper, Hankook Ilbo checked hospitals in Seoul and estimated the dead at 60 to 70. Other unofficial tallies said the wounded ranged between 200 and 300.

The death toll appeared sure to go higher in the outbreaks protesting government strong-arm methods in last month's election.

The riots brought an unusual expression of concern from the United States for the demonstrators' grievances. The United States fought a three-year war in Korea to keep the Communists from capturing the entire country.

U. S. Ambassador Walter P. McCaughy paid a personal call tonight on President Rhee. The embassy said the ambassador sought to "review developments and express his concern that measures adopted to maintain law and order would take into account basic causes and grievances behind the disorders."

Spontaneous demonstrations have flared since March 15 halting to underscore the opposition charges of stuffing ballot boxes, restricting opposition meetings, and police brutality. Many of the demonstrators were students, and this pattern of youthful protest continued.

But today's was the worst so far, raging during the day in Pusan, Taegu, Taejeon, Kwangju and this capital, the rioting amounted to virtual revolutionary upheaval. Those five cities were put under martial law.

This is what happened in Seoul: Thousands of students came marching down the wide avenue leading to Rhee's mansion. They were from colleges and universities, junior and senior high schools.

The boulevard was clogged with the somber black of their school uniforms.

Seven hundred yards from the President's mansion, the students halted. Thirty yards in front of them was a row of armed and helmeted police.

The police had one fire truck, fire hoses, and tear gas bombs.

SEOUL, South Korea (AP) — The Korean army took over control of Seoul Tuesday night and four other cities were placed under martial law as bloody riots rocked the government of President Syngman Rhee.

Martial law was clamped on the capital and its suburbs—and then extended to Pusan, Taegu, Taejeon and Kwangju—after thousands of students and other anti-government demonstrators took over most of downtown Seoul in an uprising protesting the March 15 presidential election.

Police fired volley after volley to repulse a mob of 5,000 trying to storm Rhee's presidential palace. Later demonstrators got hold of rifles or carbines, and firing became general in the downtown streets.

The government announced 21 persons had been killed and 172 wounded, 27 of them critically.

Two Americans were among the injured. James Wilcox, an export-import man from Quincy, Mass., got two serious chest wounds as he watched the rioting from the roof of his nine-story hotel. Hugh

With a strong fashion emphasis on beige and white this spring, white jewelry takes on special significance. Its frosty dazzle will be seen with the neutrals, with white, with colors. We show here the tailored look (left) in gleaming ovals of white linked with gold-and-black trim. Jumbo pearls (center) are massed at the base of the throat in a necklace which is ideal for the open or wide-away collar. White plus a color (right) is the idea translated into this red, white and blue choker. Such "flag colors" are among top color combinations for 1960 bead jewelry. They are stunning with white or neutrals.

Linen draperies in the living room, left, are color co-ordinated with the soft vinyl that pattern of kitchen wall covering, right. Subtle shades of yellow, curry, gold and topaz used in an overprinted screen print on the linen give depth and a diffused effect to meadow pattern on draperies. Pale yellow and gold in blending shades are used for the vinyl wall covering which is heavy enough to use as kitchen chair upholstery. This co-ordination is especially effective in the open plan home.

The meeting opened with prayer by Mrs. William Reinhardt. Mrs. Aslin, chairman, conducted the business. Mrs. H. E. Patterson has elected co-program chairman to serve with Mrs. Sam Huckabee for the coming year. Mrs. Vic Henderson, who is leaving, was presented a gift from the circle. Mrs. John Gardner, Jr., gave a very interesting review of the book "Dear and Glorious Physician" by Taylor Caldwell. The book gives a personal glimpse into the life of St. Luke.

A salad plate was served to 19 members and three guests, Mrs. Harry Couch, Mrs. A. B. McCain and Mrs. Gardner.

Mrs. R. L. Gosnell Honored at Informal Gathering of First Presbyterian Church

Mrs. R. L. Gosnell was honored by members of the First Presbyterian Church at an informal gathering in the recreational room of the church following vespers Sunday, April 17.

No one knew who the honoree was to be until the Surprise Party of over 100 assembled. A light supper was served under the direction of Mrs. Binford McRae.

Mrs. Gosnell, the church organist, was recognized for her untiring service to the church. Tributes were made to her in impromptu talks by Dr. L. T. Lawrence, church pastor; Mrs. Haskell Jones and Mrs. George McMorran, choir members; Mrs. Fred Ellis, who represented mothers of the Junior Choir; and Robert Wilson, chairman of the music committee.

Hope Country Club Holds Easter Egg Hunt

A huge crowd of youngsters gathered at the Hope Country Club on Easter afternoon for the annual Easter egg hunt. Prizes were awarded to the finders of gold and silver eggs in the preschool age and school age group.

Inside the clubhouse punch and cookies were served from a table covered with an Easter cloth and decorated with iris, hyacinths, and colored eggs. A big stuffed rabbit was seen on the mantle.

Most couples were: Dr. and Mrs. J. W. Branch, Mr. and Mrs. Frank McLarty, and Mrs. W. H. Gunter, Jr., Mr. and Mrs. Bill Gunter, Mr. and Mrs. Jewel

DOROTHY DIX

Wife in Name Only

Dear Dorothy Dix:

After twenty years of marriage and two children, to and to, my successful businessman, husband whom I deeply love 45 years of age, and I am 41, told me he wants a divorce.

He says he needs a change. That I am no longer what he wants in a wife. I am beside myself with shock and grief. I do not want to give him a divorce. I feel time might help, but he is doing everything possible to put me under such a mental strain that I will go along with what he wants.

I cannot continue to live as we are. It isn't good for the children. I would appreciate your sending me your pamphlet on divorces and separation.—Mrs. R.G.

Dear Mrs. R.G.: A friend in Paris was confronted with a similar problem. She dodged it. In vain! I pleaded with her to talk things out with her husband in the presence of their clergyman. She shrank from the ordeal. Her emotions were too involved. She wanted to pride and heart too deep.

Hoping against hope to recapture her husband's love, she clung on. They still live under the same roof in their beautiful apartment overlooking the Seine but she's a wife in name only. Perhaps if she had had the courage to face the situation, chin up, head high, she might — by her very gallantry of spirit, have rekindled the love which once was hers. My leaflet on divorce and separation has been mailed to you.

Dear Dorothy Dix: I have gone with a fellow in the service two years. He was not raised religious and although I've tried, I've failed to get him to go

to church. Now I have met a boy who is very faithful. He tells me things like "God be with you" before he says good-bye. He has a phone in at the door. I told him service follow. I visited to break with him because of his lack of faith. I'm very fond of the boy. He is religious. We read the Bible together and go to church every Sunday. My mother and I always agreed on things. This time we disagreed. She says "I'm doing wrong. I'm 38 years old and would like your opinion." — religious.

Dear Religious: The spirit as well as the letter is important. Your soldier boy may be more religious than you think. Since your mother approves, give him another try. Perhaps he's just being stubborn. Jesus said "Judge not, and ye shall not be judged."

Dear Dorothy Dix: Would it be proper to give a chaplain a present on his birthday? He is kind and good to me when I feel low and the going is rough. Because of him I've come a long way. He is of all recent faith but a wonderful person. Thanks from the bottom of my heart for your advice. — M.A.

Dear M.A.: By all means send the chaplain a gift and you needn't wait for his birthday. That he has been kind to you is reason enough. Something in leather for his desk or a good silver book marker for his Bible would be in good taste.

Send your problem to DOROTHY DIX. Be sure to enclose a stamped, self-addressed envelope, and address her in care of this newspaper.

Baseball Talks Over American League Trades

By ED WILKS Associated Press Sports Writer

The American League, its race for the collar already under way, gets started on the run for the pennant today amidst a buzzing controversy over a pair of trades by the Cleveland Indians.

Washington and Boston, just about "pick 'em" choices for a last place finish, played the early, presidential opener in the AL's late start Monday. The Senators, supporting a three-hit, 15-strikeout job by Camilo Pascual with four home runs, slugged the Red Sox 10-1. Boston scored on Ted Williams' 43rd home run.

All eight clubs are at it today, and the big game is at Cleveland's Municipal Stadium between the Indians and the Detroit Tigers. A crowd of about 40,000 and some sort of fan demonstration is expected after the Sunday trade in which Cleveland General Manager Frank Lane swapped fan favorite Rocky Colavito to the Tigers for Harvey Kuenn.

It was the seventh deal of the off-season by Trader Lane—and the most unpopular with home-town fans since he sent Bill Virdon to Pittsburgh for Bobby Del Greco, when he was directing the fortunes of the St. Louis Cardinals in 1956.

Lane, who Monday exchanged tough luck Herb Score, once a million dollar pitcher, to the Chicago White Sox for right-hander Barry Lutzman, defended the Colavito deal by saying he was swapping power for all-around excellence.

Rocky, 26, shared the AL home run title with Washington's Harmon Killebrew last season with 42. Kuenn, who will play center field spot—and who might prove to be an answer to Cleveland's shortstop problem—won the AL batting title with a .333 average. Rocky's bat average was .237. Kuenn's home run total was nine.

The Colavito trade puts added pressure on slugging rookie Wall Bond, who will be in right field. It also gives Manager Joe Gi-

don four newcomers. Only Tito Francona, playing left and batting cleanup; shortstop Woodie Held, first baseman Vic Power and catcher Russ Nixon are old hands in Cleveland uniforms.

The new faces, in addition to Bond and Kuenn, are second baseman Bubba Phillips. Temple makes his AL debut after coming to the Indians in a four-player swap that sent 19-game winner Mel Lutzman and second baseman Billy Martin to Cincinnati. Phillips came to the Tribe in a seven-player deal that sent Minnie Mirosco to the White Sox.

Right-hander Gary Bell (16-11), now virtually a "must" ace if the Indians are to scrap for the flag, is their opening pitcher against Frank Lary (17-10).

The Chicago White Sox, favored to make it two straight pennants after a 40-year famine, go with Early Wynn (22-10) against Kansas City and left-hander Bud Daley (16-13) before an expected 37,000 at Comiskey Park. Wynn, the AL's lone 20-game winner last year, starts his 20th season and is shooting for his 27th victory. The A's were the only club that held an edge (3-1) over the big right-hander in 1959.

In addition to Mirosco, making his second trip to Chicago from Cleveland, the White Sox will have one other winter acquisition, third baseman Gene Freese (Philadelphia) in the line-up. The A's Bob Lefkowitz, only new manager in the league, has two more ex-New York Yankees in the lineup, right fielder Hank Bauer and first baseman Norm Siebern.

The Yankees, bidding for a comeback after last season's third place flop, go with right-hander Jim Coates (6-1) on the mound and Roger Maris, late of the A's, in right field at Boston. The Red Sox will start right-hander Tom Brewer (10-12).

Baltimore, packed with newcomers, named young Jerry Walker (11-10) to face the Senators' Pete Ramos (13-10) in the Orioles' opener.

The Senators, second to Cleveland in the AL with a club-record 163 home runs last season, started unloading against loser Tom Sturdivant in the second inning after President Eisenhower had thrown out the first ball at Griffith Stadium Monday. Jan Lemon homered in a three-run second, and Bob Allison, Earl Battey, obtained in a White Sox swap, and Billy Conson hammered away in a five-run fourth.

Pascual, 26, a curve-balling right-hander, had no trouble at all except for a second-inning home run by Williams that tied the tumbler with Lou Gehrig for No. 4 on the all-time list. Pascual, who won his last five decisions of '59, cracked Washington's strikeout record, set by Walter Johnson in 1910, by fanning Gene Stephens for No. 15 in the ninth inning.

The National League, which stole headlines from the AL by opening a week earlier, was idle. Today's games send Los Angeles to San Francisco for an early first place fight; Philadelphia to Pittsburgh and Chicago to St. Louis. Milwaukee and Cincinnati are idle.

YOUTHS SERVE—Baltimore has had exceptional luck with young pitchers. Arne Thorsland, left, 19, joins Milt Pappas, center, Jerry Walker and the others at Miami training base.

LATERAL MOBILITY—Syracuse football players run through the tires in spring practice. They are, left to right, Whitey Reimer, Dick Easterly, Pete Brokaw and Ernie Davis. Even greater things are expected of the latter halfback in his junior year. Orange will roll on.

Lane Fed Up With Players He Traded

By JOE REICLER Associated Press Sports Writer

NEW YORK (AP)—The real reason Frank Lane, dynamic general manager of the Cleveland Indians, traded away slugger Rocky Colavito and Herb Score, once appraised as a million-dollar pitcher, was that he was simply fed up with both of them.

In an exclusive telephone interview with The Associated Press today, Lane frankly told why, on successive days, he swapped outfielder Colavito to Detroit for Harvey Kuenn, and left-hander Score to the Chicago White Sox for Barry Lutzman, a 23-year-old unproven right-hander.

Lane did not say directly he was fed up with the two players but he candidly explained the shortcomings of each and told why he believes, contrary to general opinion, the trades greatly improve the Indians.

Among other things, Lane intimated that the departure of Colavito and Score, long-time buddies and roommates, would result in greater harmony on the Indians. He believes Colavito is an overrated player and that Score has slipped to the point where he was useless to the club.

Lane emphasized, however, that he still regards both as fine young men and has no personal grievance against either.

"Joe Gordon doesn't like me," Lane said Score told him. "He doesn't have any sympathy for me. I'd like to be traded to a manager who is more sympathetic."

That just about made up Lane's mind.

"When Herb began to look for sympathy," Lane said, "I knew we couldn't keep him any longer. As a matter of fact, I told Herb that if he wanted Joe to like him all he had to do was win some games for us."

Lane attributed Score's failure to win in recent years to a mental condition (Score's record last year was 9-11).

Johansson, Patterson May Sign

By MURRAY ROSE Associated Press Sports Writer

NEW YORK (AP)—If the lawyers clear up the details, heavyweight champion Ingemar Johansson and Floyd Patterson may be able to sign official contracts late today for their return fight at the Polo Grounds June 20 or 22.

"I hope so," said the unbeaten Swede, who arrived Monday night from Switzerland. "From what I understand everything is supposed to be ready. I want to fly back to Switzerland tomorrow and start hard training."

According to the promoters, Feature Sports Inc., one of the major barriers in the way of the fight was cleared Monday when FSI reached an agreement for the purchase of all stock of Floyd Patterson Enterprises. This stock is held by Patterson and his manager, Gus D'Amato.

The manager presently is licensed in New York but the champion has said he will fight in New York whether D'Amato is in his corner or not.

Two other obstacles have to be cleared by the promoters, however, before they can get around to the important business of selling tickets and the television rights.

First, the State Athletic Commission wants to get a long look at the contracts.

Another state agency was deeply concerned. Attorney General Louis Lefkowitz called in all of the principals for a conference today to discuss some of the hangovers of the first fight last June 26.

Sign or not, Johansson and Patterson are getting an education. If the legal-beagling keeps, they may qualify for law degrees before they step into the ring.

The first Coll revolver was made in Patterson, N. J., in 1836.

Tells Value of Quality Civilization

Arkansians in Washington By GORDON BROWN

WASHINGTON, (AP)—"Other nations judge us not just by how many goods we produce but also by the quality of our civilization."

Sen. J. W. Fulbright (D-Ark), chairman of the Senate Foreign Relations Committee, sought to drive home that point in a "news letter" which he had as a guest writer for Sen. Vance Hartke (D-Ind) this week.

"I believe that if we assess this country's position in the world in a reasonably dispassionate manner, we will find it less satisfactory today than it was a decade ago," Fulbright wrote.

"In part this is attributable to our foreign policies." But it is also a reflection on our domestic policies, which have built a nation that is privately rich, but is publicly poor.

Kennedy Has W. Virginia to Himself

By THE ASSOCIATED PRESS

Sen. John F. Kennedy (D-Mass.) had West Virginia campaigning all to himself today as attention focused on the religious and "gang up" issues.

Reports indicated that his rival, Sen. Hubert H. Humphrey (D-Minn.), was making headway in the campaign for the state's presidential primary May 10.

Another Democratic presidential candidate, Sen. Lyndon B. Johnson of Texas, received encouraging reports. Despite signs of a falling-out over the civil rights bill recently, many of the South's delegates apparently have decided to stick with him at the Democratic National Convention in July.

On the Republican side, associates of Vice President Richard M. Nixon said he had made a realistic appraisal of Gov. Nelson

protest they won't try to stall the measure much longer. They are realistic enough to know that they are outnumbered about 4 to 1 and the House can roll over them at any time.

The one big delaying device — sending the measure to conference — has one big disadvantage.

It is this: The Senate version is much more preferable to the Southerners than is the bill passed by the House. But if the bill went to conference, compromises would have to be made and any compromise would make the bill tougher and hence more objectionable to the South.

So, since a bill is inevitable, the decision probably will be not to try for a delaying conference but to allow the House to vote on accepting the Senate version.

Mass of Cold Air Pushes Over Nation

By THE ASSOCIATED PRESS

A mass of cold air pushed out of the Midwest into the eastern third of the nation today after an Easter weekend of violent storms and surprise snows.

Generally fair and warm weather was on tap for the storm-struck Midwest westward to the Pacific Coast. Showers, thundershowers and possible snow flurries were expected in the Northwest and some thunderstorm activity in New England.

The cold mass plummeted temperatures below freezing from Minnesota eastward into Michigan this morning and Sault Ste. Marie, Mich., counted four inches of fresh snow.

Green Bay, Wis., reported 19 above; Grantsburg, Wis., registered 18, and Mason City, Iowa 27. The freezing zone extended southward into central Illinois and Indiana.

Cold, wet weather after a night of tornadoes, chilling rains and snows spoiled Easter observances in the Midwest. Property damage was extensive. The two-day death toll stood at nine.

Snowstorms hit Wyoming, Nebraska, the Dakota, Iowa, Wisconsin, northern Illinois and the eastern side of Lake Michigan.

Janes, Iowa, had two inches on the ground Easter morning. Scottsbluff and North Platte, in southwest Nebraska and Pelton and Traverse City, Mich., all reported an inch of snow.

Tornadoes Saturday night wreaked havoc from Oklahoma northeastward into eastern Iowa.

A half-dozen twisters were sighted in Oklahoma. At least 15 persons were injured when gale-force winds struck Tulsa, stoving in plate glass windows and toppling utility poles, traffic lights and signs. A 15-month-old boy perished when lightning struck his Tulsa home.

At Waterloo, Iowa, a heavy truck was blown on top of an auto killing a passenger in the car. At Traer, Iowa, 50 m.p.h. winds lifted two freight cars off the wheels causing a 38 car derailment.

A twister leveled buildings on six farms near Ottawa, Kan.

Four members of a family drowned near Hayti, Mo., when their boat capsized in wind-whipped Mississippi River flood waters as they were returning to their farm home from Easter services.

Three persons were killed when their car skidded into a concrete abutment near Chester, Ill., during a heavy wind and rain storm.

Man Ordered to State Prison

LITTLE ROCK (AP) — LeRoy Smith, facing a three-year sentence for manslaughter from Arkansas County, was ordered to the penitentiary by the Arkansas Supreme Court today.

The court said Smith had not perfected an appeal to the U. S. Supreme Court within the required time.

The court clerk was directed to issue a fugitive warrant for Smith. If he is not taken in custody at once, steps will be taken to declare a forfeiture of his appeal bond. The Arkansas high court said.

STILL LIFE FROM THE BIBLE—Some 25 varieties of plant life mentioned in the Bible are composed by L. J. Tolle, Michigan State University floriculture instructor, whose special interest lies in church floral art. First arranged some years ago, the study in its present form will be displayed in the new library of Trinity University, San Antonio, Tex. One surprising component: an apricot in lieu of the apple traditionally associated with the story of Adam and Eve. Some botanists consider that biblical lands were not suitable in climate to make the apple an abundant fruit. Other possibilities: fruit of the fig, quince, or citron as the "apple" which tempted Adam and Eve.

L. R. Board to Answer Charges

LITTLE ROCK (AP) — Little Rock School Board attorneys have until May 21 to answer a charge by Negro lawyers that the board has abandoned its plan of integration through use of pupil placement laws.

In a brief filed in Federal Court Saturday, Negro attorneys Wiley Branton of Pine Bluff and James

Nabrit III of New York contended that the placement laws put the burden for ending racial segregation in the schools on Negro students and their parents.

They said this defied a desegregation plan, which they contend requires assignment of students to schools in whose attendance area they live.

Branton and Nabrit represent Negro pupils seeking transfers to predominantly white high schools.

Cites Value of Sitdowns to Negroes

By THE ASSOCIATED PRESS

A Negro integration leader says sit-down demonstrations are dramatizing the position of the Negro in the South and predicts they will be upheld legally.

The expression of confidence came from the Rev. Martin Luther King Jr. at the start of the 10th week of the Negro campaign against segregated lunch counters.

The 31-year-old Atlanta Baptist pastor appeared on the NBC television program "Meet the Press" in Washington Sunday night, shortly after a Negro college student conference at Raleigh, N.C., laid the groundwork for formation of a Southwide organization.

King conceded the sit-ins might violate local laws. But, he said, "in breaking local laws we are really seeking to dignify the law" as set forth in the 1954 U.S. Supreme Court decision on public school segregation.

The man who led the successful bus boycott in Montgomery, Ala., in 1956, reasoned that if and when local laws against sit-ins reach the Supreme Court they will be held to be in violation of the basic guarantees of the Constitution.

King said he felt both the Congress and the President could and should do more to hasten integration.

This statement was echoed in the findings and recommendations of the Easter weekend Raleigh conference attended by 142 students from 11 Southern states and the District of Columbia.

The student steering committee said in a statement there was a possibility President Eisenhower might go to Africa this fall. The committee said: "We feel that before going to Africa, the President should lend the prestige of his office to the solution of the racial problems in this country and thus he shall be even better prepared for his visit to Africa."

At Nashville, Tenn., one of 12 University of Minnesota students taking part in a "motorcade for civil rights" was arrested for running a red light.

Police said Thomas D. Olson, 26, of Minneapolis, was charged with reckless driving. He was released under \$50 bond for city court trial Monday.

Olson denied he ran the red light. Another student, Phil Schrader Jr., 25, said the police action "carries the onus of a Gestapo tactic." Patrol Sgt. Gordon Vance said he had information the group had "been running stop signs and red lights all day."

Construction Firm Won't Forfeit Bond

LITTLE ROCK (AP) — The Arkansas Supreme Court today said that Ottinger Construction Co. of Fort Worth, Tex., would not have to forfeit a \$35,000 bond because of its refusal to carry out a highway bid, on which it made a big error.

Ottinger last May was announced as low bidder at \$1,329,371 for construction of six miles of highway in Mississippi County.

The same day the bids were opened the firm said that through an error the bid was \$294,000 too low and asked that it be permitted to withdraw the proposal in favor of the second low bidder.

The Arkansas Highway Commission resisted and sought to forfeit

Army Thinks Nike Could Protect U. S.

By EDMUND LE BRETON

WASHINGTON (AP) — The Army still says its Nike-Zeus anti-missile missile could protect the United States against intercontinental attack. But the Defense Department is still doubtful.

The long dispute over the Nike-Zeus broke out again in closed door testimony before a House Appropriations subcommittee. The transcript of last month's hearings, heavily censored in spots, was made public today.

The Nike-Zeus system, still being developed, would combine radar to spot an enemy intercontinental missile and a killer weapon to erase it with a nuclear blast high in the air.

Lt. Gen. Arthur G. Trudeau, the Army's chief of research, told the subcommittee he is confident the Zeus "can and will be successfully developed to meet and master the ballistic missile threat of the Soviet Union."

But Herbert F. York, research director for the Defense Department, which has the last word, told the same group "I think fall-out shelters are a more effective way of saving lives in a ballistic missile attack than Zeus."

They testified at different hearings. Told of York's expressed opinion, Trudeau said it would be "completely wrong" to consider shelters the only answer.

"You need a passive defense in this country and you need an active defense," Trudeau said. "Nike-Zeus is the only thing that has got a chance of doing it before 1970."

West Virginia Coach Resigns

MORGANTOWN, W. Va. (AP) — President Elvis J. Stahr Jr. of West Virginia University announced today that Art Lewis has resigned as head football coach of the Mountaineers.

Stahr said Gene Corum, of the present football staff, will serve as acting head coach. Corum, from Huntington, W. Va., became an assistant here when Lewis took the head job in 1959.

There have been rumors that Lewis will take an assistant coach post with the Pittsburgh Steelers.

1 Dollarway Plaintiff Leaves Case

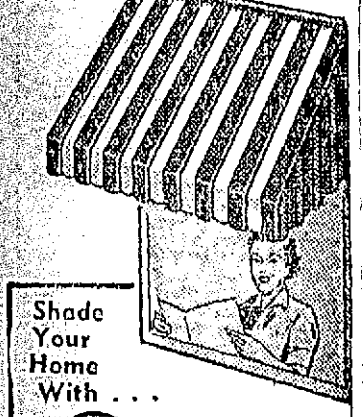

LITTLE ROCK (AP)—One of three Negro plaintiffs has dropped out of the Dollarway integration suit, but attorneys still seek to have the other two Negroes admitted to the all-white school near Pine Bluff.

Ernestine Dove, 17, will be graduated from all-Negro Townsend Park High School this spring. The Dollarway case is not expected to be settled until after the graduation.

Negro attorneys filed a brief Saturday asking the Eighth U.S. Circuit Court of Appeals in St. Louis to order Carlisle Smith and James E. Warfield, the other two plaintiffs, to be admitted to the Dollarway School. Previously such an order had been asked for all three plaintiffs.

Federal district court in Little Rock declined to order them admitted, but directed the Dollarway School Board to submit a statement of its policies on ending segregation. This statement, which said the Board would look into the matter, was filed in the first grade, also is under attack by attorneys for the Negroes.

A hearing is slated in May before the appeals court, which last fall overturned a lower court's order to admit the Negroes to Dollarway. The appeals court direct which said the Board would look into the matter, was filed in the first grade, also is under attack by attorneys for the Negroes.

AEA Officers Take Over May 1

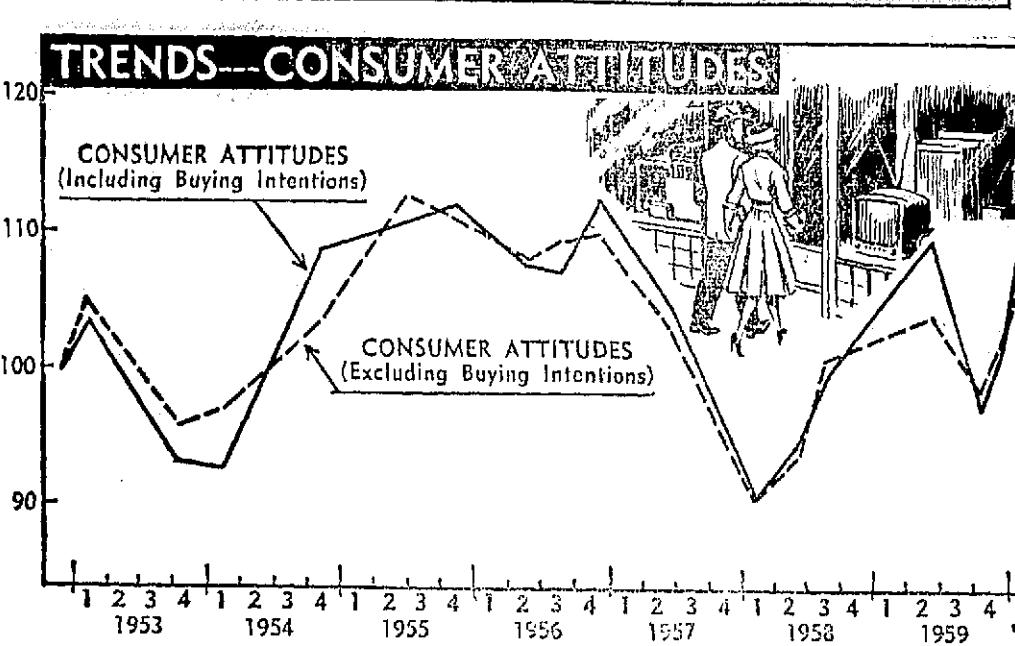

LITTLE ROCK (AP)—New officers of the Arkansas Education Assn., headed by Dr. Hugh Mills of Hot Springs, will take over May 1.

Mills, Hot Springs school superintendent will succeed Dr. John Trice of Pine Bluff as president. Mills was unopposed for the presidency. He has been AEA vice president.

Newport Supl. G. F. Castleberry was unopposed for the vice presidency.

In two contested races, Mrs. Lotie McCracken, Arkansas Tech education professor, was elected secretary over Mrs. Ross Hender son Jr. of Texarkana and Ray Hall of Arkansas State College defeated James C. Peery, Wilson superintendent, for board member at large.

Results of the elections at district AEA meetings last week were announced Saturday.
